*Standard Guarantee*  
OF  
AMERICAN SHORTHORN BREEDERS  
ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

## The Ideal Type Shorthorn Bull

For over two centuries, Shorthorns have competed with all comers as the ideal beef type. The ideal Shorthorn bull is thick, blocky, close to the ground, with greater scale at any given age than any other beef breed, straight in his top, bottom and sidelines, close-

coupled, carrying even width from end to end. He has a head showing marked breed and sex character with neck short and thick, neatly joined and shoulders smoothly blended into the body. His chest is wide and full, heart girth broad and deep, crops full, ribs widely sprung, loin thick and wide, hips neatly laid in with smooth rump and tail head, and twist deep. His horns are short, light-colored and glossy. He has a good coat of glossy hair and the best disposition of all beef breeds.

BUY IN THIS SALE for these same good blocky qualities that help bring and maintain uniformity in your herd, and with qualities to go on procreating more of these good modern type Shorthorns.

HILLSIDE ROSEWOOD - In this good heifer is combined the blood lines of two great herds. Note the great sires that appear in this pedigree. BRED APRIL 10TH TO CHERRY HILL ROYAL HIGHNESS. Herd accredited for T.B. and Bangs.

## The Ideal Type Shorthorn Female

A cow provides half the inheritance of every calf, so it is important that she be the best of type and bloodlines. The short-legged, heavy-fleshed, low-flanked, early maturing beef type Shorthorn female of today with her greater capacity for milk than cows of any other beef breed, is a real triumph in scientific breeding. This ideal modern

type Shorthorn female is smooth of flesh, near to the ground with plenty of style and impressive character, with the best of heads and impeccably attired in a fine quality coat. She represents the right combination of individuality with the best of bloodlines. And with all this she shows the capacity for plenty of milk so important in the development of rugged early maturing calves.

BUY IN THIS SALE for cows like this for herd uniformity and for the best possible inheritance for your Shorthorn calves.

## Polled Shorthorns

are good doers, good foragers and have an unexcelled ability for turning good grass into good flesh efficiently and easily. They are profitable and popular in feedlot and pasture because of their excellent dispositions and natural hornlessness.

## International Reserve Grand Champion Steer Over All Breeds

Formation, the University of Idaho bred Shorthorn steer, sired by Marellbar Formation, that was made Reserve Grand Champion over all breeds at the 1951 International Live Stock Show. This sensational senior steer calf was of unusually high quality.

Steers are the medium through which we compete with other breeds. In them all our prestige and claims for superior cattle are at stake. They are our proof to cattlemen and ranchers, to 4-H club boys and girls, to Future Farmers, to men with wealth and to just every-day farmers that Shorthorns are the most desirable breed from all standpoints. A well-conditioned steer at a show or on the market is a greater asset to the breed than an inferior bull sold to a farmer or a small breeder. You will find bulls in this sale capable of siring the type of steers that will bring to you the great prestige attached to breeding and exhibiting a Grand Champion Steer.
